Sponsorships Benefit People with Disabilities and Complex Needs

Your contribution truly makes a difference! When a person is in need of financial assistance, our highly skilled coordinators seek low to no cost resources to meet the need. The Coordinating Center's Family Resource Fund is used only as a last resort when no other support is available. With 10,000 clients served year round, it is critical that we grow the Family Resource Fund. This Fund provides vital services and supports, such as adaptive/medical equipment, dental/vision care, pharmacy/medical supplies, assistive technology, respite, summer camp, housing assistance, and help with home repairs and modifications and other services to support independence.
